(JSPS)

Japan-India Bilateral Program (FY2010)
Call for New Proposals

The Japan Society for the Promotion of Science (JSPS) supports bilateral joint research projects and seminars between Japan and India in cooperation with the Department of Science and Technology (DST), India. This announces the call for FY2010 proposals.

Number of Proposals to be adopted:

20 Joint Research Projects, 4 Joint Seminars

Fields: including

- ① Molecular Structure, Dynamics and Molecular Materials
- ② Supramolecular Science
- ③ Advanced Materials including Polymers and Nanomaterials
- ④ Modern Biology and Biotechnology
- ⑤ Manufacturing Science
- ⑥ Astronomy and Astrophysics
- ⑦ Surface and Interface Science including Catalysis

Support by JSPS:

- Joint Research Projects (From 12-22 months starting from June 1, 2010) 1 million JPY per fiscal year (2 million JPY in total for project period)
- Joint Seminars (Within 1 week during period of June 1, 2010 thru March 31, 2011) 1.5 million JPY

Deadline (in Japan): Wednesday, September 9, 2009

Application Procedure (in Japan): Applications are to be submitted via JSPS's electronic application system.
